

OVERVIEW

We have built this library with **Non-Hosted** families. Unlike manufacturer families, the myCADD library gives you just what you need – a lightweight and easy to use family. These are simple yet flexible and have parameters for width, height, depth, and mounting height. Several families include surface mount, recessed, and semi-recessed types, and also provide adjustable recess depth.

SIMPLIFIED PLAN & ELEVATION GRAPHICS

Basic representations show just what you need. Recessed items indicate depth in wall to help with coordination. Snap dimensions to any edge or to centerline in both plan and elevation.

<p style="text-align: center;">MIRRORS</p> <p style="text-align: center;">Framed or Frameless, Optional Shelf, Tilted</p> 	<p style="text-align: center;">PAPER TOWELS, WASTE, HAND DRYERS</p> <p style="text-align: center;">Individual & Combo Units, Surface Mounted or Recessed, Freestanding</p> 	<p style="text-align: center;">SHOWER ACCESSORIES</p> <p style="text-align: center;">Straight & Curved Curtain Rods, Folding Seat, Towel Bars, Soap Dishes, Clothing Hooks</p> 
<p style="text-align: center;">COUNTER MOUNTED ITEMS</p> <p style="text-align: center;">PT Dispenser & Waste, Soap Dispensers</p> 	<p style="text-align: center;">TP, NAPKIN, SEAT COVER DISPENSERS</p> <p style="text-align: center;">Multiple Configurations, Surface Mount or Recessed</p> 	<p style="text-align: center;">MISC – SOAP DISPENSERS, BABY CHANGERS, MEDICINE CABS</p> <p style="text-align: center;">Surface Mount or Recessed</p> 

LIBRARY INCLUDES

- Over 30 NON-Hosted Families
- Surface Mounted, Recessed, Semi-Recessed, Counter Mounted
- Lightweight & Easy to Work With
- Works with Revit 2012, 2013, 2014
- Fully Parametric
